## 2. Review of the course

### General review

- In the training, a collection of exam questions of Multiple choice of turning 2nd grade and milling machine 2nd grade has been completed for the field of about 2/3 of the job criteria and details (common). We are going to complete the collection of exam questions of Multiple choice by creating exam questions in the remaining fields in the next training in November.
- Through the lecture on how to create exam questions this time, participants seemed got a hang of creation of exam questions corresponding to the job criteria and details.
- In the future, it can be expected that the participants of this time will play a role as a leader when revising the collections of exam questions.
- The skills evaluation training for turning 2nd grade and milling machine 2nd grade will take place in November. Once the collection of exam questions of Multiple choice has been completed in the lecture, it can be said that the foundation to independently and continuously carry out the skills evaluation test on the Vietnam side has been built.

## 3. Results of questionnaire

Questionnaire will take place in the end of this course, on third time.
