

Skills Evaluation System Promotion Program(SESPP)

Public-private Joint Committee

18 January 2019, Hanoi

Ken Kamae

Director of Overseas Cooperation Office

Ministry of Health, Labour and Welfare, Japan

Key Achievements in Vietnam 2018-19

	Job Category	Topic	At	Result	USE
1	Machining (turning, milling) , grade 2	Developing test projects	HaUI HIVC	completed	National skill tests enforced in 2018
2	Sequential Control, grade 2	Assessors be trained and accredited	HCEM	Assessors certified	Experts in developing test projects
3	Mechanical Inspection, grade 3	Assessors be trained	HaUI SHTP	Assessors trained	Ready for practice

Strategy of Skills Evaluation System Promotion Program in 2019-20 Vietnam

- Priority Trades for Vietnam
 - 1) Mechanical Inspection, grade 3
 - 2) Sequential Control, grade 2
 - 3) Machining (turning, milling)
- Expected Goals
 - Test trials be implemented for assessors authentic training and dissemination of the skill test, on Mechanical Inspection
 - Practical test projects be developed on Sequential Control,
 - National skill tests on Machining be enforced by DVET.
- Consideration
 - Implementation in South Region due to private needs,
 - Requirement of test equipment on Machining,
 - Training opportunity toward the test.

Proposed activities in 2019-20 Vietnam

AS EXAMPLE

- Machining (turning grade 2-3, milling grade 3)
in South
 Test implementation (SET)
 Training opportunities (VTM)
- Sequential Control, grade 2
 Intensive work for developing test projects (SEM)
 Test trials for certified assessors (SET)
- Mechanical Inspection, grade 3
 Test trials for assessors training (SET)
 Certification of assessors (SAC)
- Two-week technical seminar in Japan with visit to national skills competition in Aichi
