MHLW is dispatching two long term experts to develop training courses on Electricity at Pilot Institutions(NPIC, NTTI, PPI) and disseminate them nationwide

1. Development of Standard Curriculum
2. Conducting Standard Training Course by VT instructors
3. Collaboration between Pilot Institutions and industry

NPIC : National Polytechnic Institute of Cambodia

NTTI : National Technical Training Institute

PPI : Preah Kossomak Polytechnic Institute

## 2. Capacity Building Program for VT Instructors(MHLW 2016-2017)

An instructor from NPIC taking one-year training course at PTU, expecting a role as a bridge between Japan and Cambodia

# Transfer of Japanese-Style ST Knowhow in Cambodia

## [Background]

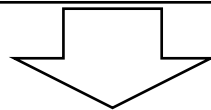

In Cambodia, the Government has adopted 21 job categories as Competency Standards with support from Asian Development Bank(ADB) while it has not organized National Skill Test system

## [Support for Introduction of Japanese-Style ST(MHLW 2011-)

- Skill Assessors Training for ST on Electricity job categories
- Demonstration on Electric Installation at National Skills Competition by medalists from Japan

## [Action by the Government of Cambodia]

- To plan for developing Competency Standards on Electricity (?)
- To establish the Testing Centers and conduct Skill Evaluation (2018-) (?)

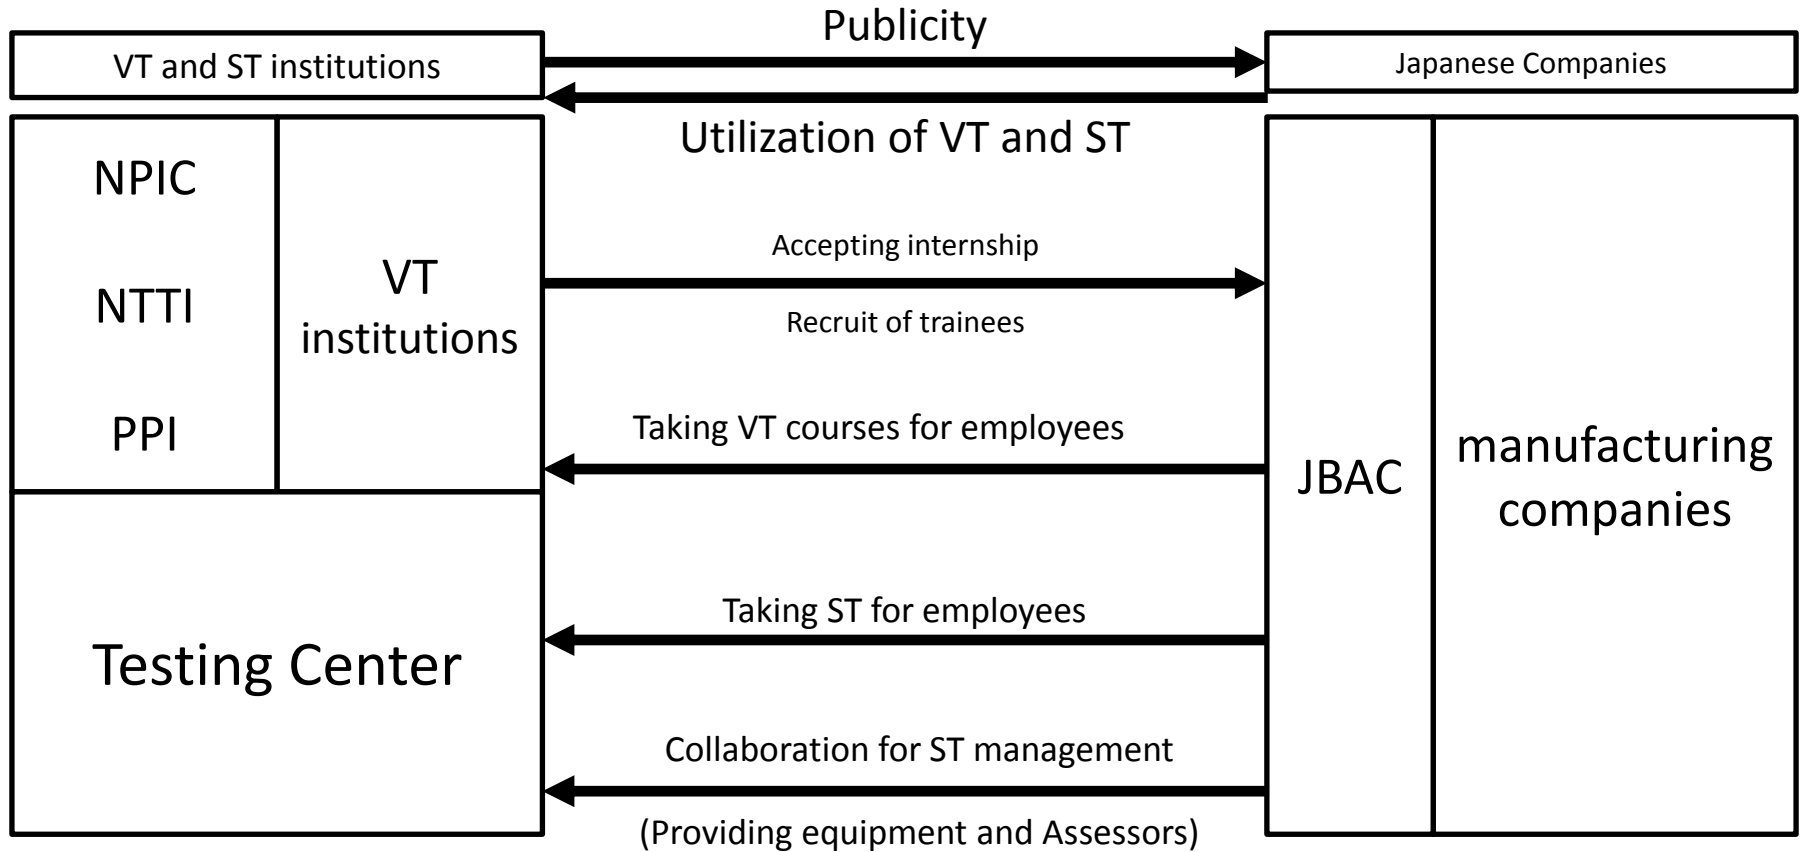

## [Goals]

- Disseminate the benefit of Japanese-Style('Practical Skills for Jobs', 'On-site Capabilities', 'Public-Private Partnership')
- Publicity for Japanese companies on the VT and ST to promote their utilization

# [Future Tasks]

## The Direction of Collaboration between VT Institutions/ Testing Centers in Cambodia and Japanese Companies

JBAC : Japanese Business Association of Cambodia
